- ✓ ComplexA of Amino & Ceramide Acids
- ✓ Sophora Japonica Callus Culture Extract
- ✓ Polynucleotides

YOU WILL BELIEVE

Tired of solutions that promise the world but don't deliver?

EXO-GROW™ is powered by unique Exosome technology to fight hair loss, shedding and thinning for noticeable changes in hair thickness and vitality.

Exosomes are tiny particles that deliver growth factors and other regenerative proteins directly to the scalp. EXO-GROW's patented IT-HLA-G-EXO™ Exosomes bypass immune detection, ensuring long-term effectiveness.

This helps to rejuvenate follicles, ultimately resulting in thicker, fuller hair over time.

Reclaim Hair Confidence

Get thicker, healthier hair and the confidence that comes with it. EXO-GROW™ is a complete hair care solution from the world's #1 microneedling company that delivers real, visible results.
